information from the Institutional Effectiveness Partnership Initiative (IEPI) training on November 7th, about the Guided Pathways Model. This is not a new initiative, but a shift in mindset on how to align the student experience. The goal is to create clear curricular pathways, help students choose and enter their pathway and stay on their path, and ensure that learning is happening with intentional outcomes. The first step is for Foothill to submit a self-assessment in December, followed by an 18-month plan in March. If you are interested in learning more, please contact Rachelle Campbell or Andrew LaManque.
