nnouncements

a ew ourse roposal

Approved, March 20, 2018	
	students in programs and will hopefully address this sort of issue ueg noted plan in development with an ose tate to create pathway for students in program plan to work with arketing to advertise oted the concern is valid and as with a lot of s potential demand is unknown choed hope that uided athways project will help ampbell noted proof of cohort model to support courses such as that have less broad appeal rep noted faculty who developed program has experienced a good amount of interest and believes demand exists ampbell noted that program would be a good candidate for the cohort model because it includes primarily core courses econd read and possible action will occur at next meeting
tand lone pproval equest	Speaker: Rachelle Campbell irst read of tand lone pproval equest for ill be temporarily tand lone and included in a forthcoming lumbing echnology program o comments
