<p>13. Improving Cross-Campus Communication Regarding Course Changes</p>	<p>were not part of a certificate but are now, would they be alerted and could we claim apportionment? Starer doubts that we can retroactively claim apportionment within current process of submitting apportionment claims to the state, but believes that the student could apply for completion. PSME rep asked how this situation relates to catalog rights? group unsure [note: Counseling reps not present to address question]. Armerding will follow up regarding catalog rights and recency requirements. Group discussed "informing" vs. "notifying" language. consensus is "informing." Armerding will followup with counselors regarding adding language to resolution related to streamlining process for students, to bring back for another read.</p> <p>Group agreed to bring process back for a fourth read before considering for approval; will occur at next meeting.</p> <p>Speaker: Ben Armerding Continuing</p>
