. This program is currently offered as a non-transcriptable certificate and is being converted into a certificate of achievement.

! State Approval Received: Over the summer, we received state approval for a number of new Certificates of Achievement, which were approved by CCC during spring quarter: Advanced Software Development, Cloud Computing, Early Childhood Education Fundamentals, Early Childhood Special Education, Elementary After Care Education, Online and Blended Instruction, Residential Wireman, Software Development in C++, Software Development in Java, Software Development in Python, Sound and Communication Installer. Congratulations to everyone who worked on these certificates!

! Updating our Distance Learning Addendum: At the October 6th mem
