- ! New Degree or Certificate (Program) Creation Process : On June 14th, CCC approved a new formal process to be used by faculty/departments to create a new degree or certificate, which will replace the temporary process we've been using since 2019. The new process introduces a short New Degree or Certificate Proposal form, to help spark important discussions early in the process. Information about the new process will be added to the CCC website soon; Mary will be creating the (online) Proposal form over the summer, so that it's ready for faculty to begin using ahead of fall quarter.

- ! New Bachelor Degree Application : At the June 14th meeting

- ! AB 928 Singular GE Pattern Survey : You may have heard about recent legislation which mandates the creation of a new singular transfer GE pattern, to go into effect in the 2025-26 academic year. In April, the Intersegmental Committee of Academic Senates (ICAS) approved a proposed framework, and the ASCCC has created a survey to collect feedback on the proposal. We encourage you to review the framework proposed by ICAS, which is attached to this communiqué, and share your feedback with ASCCC - [click here to directly access the ASCCC survey](#). If you have any questions about AB 928 or the proposed framework, please feel free to reach out to Evan.
- ! June 14th was the final CCC meeting of the 2021-22 year! Thanks to all CCC members for their hard work this year, and thanks also to the guests who have attended CCC and provided their expertise to the group throughout the year. This was yet another challenging year, and we are proud of the work that CCC accomplished and the thoughtful conversations that the group engaged in. 2022-23 CCC meetings will begin in October.

HA EA
FABULOUS
SUMMER!

March 7, 2022

TO: ICAS

FROM: Robert Horwitz
Chair of Special Committee on AB 928

SUBJECT: Recommendation on a singular GE transfer pathway

The Special Committee on AB 928 met three times to discuss the singular general education (GE) transfer pathway. After considering several options and patterns, the group came to consensus on a pattern that it believes satisfies the legislation's requirements for both a clear and transparent singular pathway, and maintaining at 34 the total units required to complete the Intersegmental General Education Transfer Curriculum (IGETC). The recommendation is best understood by Me (
