Dr. Farima Fakoor
Professor of Accounting and Business
School of Social Studies

Statement of Interest

I am submitting this statement in support of my candidacy for the Foothill College Academic Senate beginning in the Winter of 2021. My involvement with Foothill College started about 37 years ago when I started as a student. I started teaching as an adjunct professor in the Accounting program in 2000.

I have served as Accounting Manager/Director for few Silicon Valley corporations. For most of my private accounting career, I was a manager overseeing Finance and Accounting operations for large to mid-size companies. In 2000, I left private accounting and joined Golden Gate University to serve in two different roles: faculty and the Director of Corporate and College Relations. In 2008, I joined the full-time faculty as an Assistant Professor in the School of Accounting.

I have served as a Senator for six years at Golden Gate University, and I am looking forward to bringing in my experience to Foothill College Academic senate.

I know Foothill College from the perspective of a student and an adjunct professor. I believe I can help in the Senate's significant role of providing faculty input to the executive team through these difficult times, which also offers many opportunities. My promise to the Senate is that I'll safeguard Foothill College's mission through my service.

Respectfully submitted,

Dr. Farima Fakoor
Professor of Accounting and Business
