ITEM 3: PROGRAM CREATION, DISCONTINUANCE & RESOURCE REDUCTION (MESSINA)

Academic Senate did not have feedback. Classified staff also wants to have a bit more time. They may approve it on November 8, so PaRC can vote on it in December. Academic Senate must have feedback ready for the December 5 meeting. If either group has feedback and wants to update document, please forward edits to Amy. Darya mentioned the Program Review Committee is looking at finalizing its members in order to officially form and begin meeting.

ITEM 4: ACCREDITATION FOLLOW-UP VISIT DEBRIEF (MINER)

The response of the Accreditation Team was extremely positive. Amazing amount of work that was done in SLO identification and reflection. The team was very impressed with classified staff and faculty involvement.

ITEM 5: ELECTION RESULTS REPORT OUT (MINER)

Judy reported the FHDA Board of Trustees incumbents were re-elected.

ITEM 6: EDUCATIONAL CENTER UPDATE (MUMMERT)

John said once we have public conveyance, as it was delayed until January 2013, then we have three years to build and open the program. Three work groups have been established to provide input: Instruction, Student Services, and Other. Site allows for Foothill to have a good position in the Bay Area's workforce.

Judy said the speech last week by the State vice chancellor reflected on how education will have to take a

Phuong informed everyone there are seven Apple intern positions available, and if anyone knows of any qualified students to be sure to refer them to her. There are, however, restrictions regarding international students and this internship program.

Peter informed everyone there would be ten SL intern positions that will be available in the springtime.

Darya and Elaine thanked each other for the tremendous amount of work and dedication that has been put into the program review data. Looking for members and feedback before they can move forward.

Judy thanked Mia for the work she's been doing on the Emerald Campus program. Bob to speak on November 13 and 14.

Kimberlee and others brought up the concern about the smoking area near Mark Anderson's building. Students have stepped beyond the designated smoking area and are smoking near Mark's building. There are dry leaves and shrubs, and smoke is blowing into the building. Judy said due to the fact that it is a fire and health safety issue, that particular smoking area is to be eliminated.

Judy invited everyone to attend the Turning of the Ground Blessing on November 21 at Campus Center to honor Native American Heritage Month and bless the recent construction at Foothill.

Meeting adjourned at 2:45 PM.
