1. Welcome

President Judy Miner welcomed everyone to the meeting. Miner thanked Anthony Cervantes for serving as this year's Operations & Planning

PaRC Classified Chair Karen Smith stated that Classified Staff were an integral part of the campus, and that the group would like to be included in both the planning and action processes of the 3SP Plan. Smith commented that many campus documents did not require a signature from the Classified Senate, including the 3SP Plan

Miner announced that the process to select a baccalaureate pilot program had begun. Miner commented that only one application for each District would be considered. Chancellor Linda Thor would choose between Foothill's Dental Hygiene Program and De Anza's Automotive Management Program.
