Hope you are doing well! I just upload my picture and this is my little bio: Hey everyone! I am a third-year Civil Engineering major here at Foothill College. Some of the programs that I have been part of during these three years are EOPS, PUENTE, Pass the Torch, and SLI. A quick fact about myself is that I came to this country when I was 16 years old from El Salvador, and now I am a first-generation Latina in STEM.
