	<p>Photography -(see attached list)</p> <p>Faculty looked to AA degree and the TMC organization as guides Clarification was requested regarding the section that reads "exempt": It was explained that those courses are not activity courses and therefore it's not necessary for them to be in a "family" but the faculty wanted to make it clear that they had reviewed those courses in their deliberations. M/S (Starer, Murray) to accept the families as written. Approved.</p> <p>Art - (see attached list)</p> <ul style="list-style-type: none"> <li>⌘ Question about need for two ceramics families. Gomes clarified that ceramic surfacing refers to the chemical make up and running a kiln and therefore two families reasonable. Split is similar to distinction between two families in theatre Done for performance and one for production.</li> <li>⌘ It was suggested that the ceramics lab courses be incorporated into the parent course rather than continue as separate courses (makes one class out of six potential takes instead of two).</li> <li>⌘ ART4G will be moved to Painting and after discussion the committee suggested that ART 72 should be exempt as it does not appear to meet the criteria for Òactivity courseÓ .</li> </ul> <p>M/S (Pennington, Starer) to accept the families as written. Approved.</p> <p>Theatre -(see attached list)</p> <p>The suggestion was made to change the title of the Voice family to "Voice for Theatre" or something more descriptive to distinguish it from the voice family in music. Gough briefly described the courses listed in the Production Performance family. M/S (Armstrong, Fox) to accept the families as written. Approved .</p>
7. Equivalent Courses	Postponed until the 11/20/12 meeting.

10. GE Resolution	Postponed until the 11/20/12 meeting.
11. Process for New Course Proposals	<p>Added at meeting. Murray suggested that if the New COR Proposal process is causing tremendous backlog. Proposed that CCC modify process such that once proposal has been turned in to Instruction Office , a shell may be issued pending CCC vetting. Motion to change the process to allow concurrent issuance of the issuance of the shell and the proposal vetting. M/S (Murray) A/S 2 (p) -2(r) 3 (o) 1 (v) (e)</p>
