Assembly Bill No. 1985

CHAPTER 513

(a) It is the intent of the Legislature to establish a uniform Advanced Placement (AP) credit policy for general education within the California Community Colleges. It is the intent of the Legislature that the Chancellor of the California Community Colleges, in collaboration with the Academic Senate for the California Community Colleges, consider, when adopting the uniform policy, granting course credit to a pupil who passes an Advanced Placement examination with a minimum score of three.

(b) Studies consistently find that pupils who earn AP exam scores of three and higher are likely to demonstrate multiple measures of college success.

(c) The lack of a uniform AP credit policy often serves as an academic and financial barrier for students enrolling in California Community Colleges
