

College Curriculum Committee  
Meeting Minutes  
Tuesday, November 16, 2010  
2:08 p.m. - 3:48 p.m.  
Toyon Room

<u>Item</u>	<u>Discussion</u>
1. Minutes: November 2, 2010	M/S/C minutes approved as written (Schultz, Villanova).
2. Curriculum Lecture Series	<p>Speaker: Sam Connell, Scott Lankford Connell introduced an idea to create a lecture series delivered by faculty and staff on interdisciplinary topics. Connell's ideas included:</p> <ul style="list-style-type: none"><li>• Participants and presenters could be given PGA credit.</li><li>• The lectures would be open to students.</li><li>• Perhaps Mondays at noon, limited to a half hour to keep interest high.</li><li>• past conversations about doing interdisciplinary courses have run up against the wall when we get to the topic of which division will "house" these courses and thereby collect the WSCH.</li><li>• This is an area that has been lacking at FH.</li></ul> <p>Scott Lankford also proposed creating formal credit courses (CORs) for interdisciplinary/transferrable courses similar to those he participated</p>
