RE: Extended Opportunity Program & Services (EOPS) Demographics:
2012 High School Graduates

Overview

EOPS student data was examined to determine the demographics of those who graduated from high school in 2012. Out of the 305 students who were identified as EOPS in Fall 2012, 16% are recent high school graduates (Table 1)

Table 3. EOPS Students Graduated from High School by Ethnicity and Gender, 2012.

Ethnicity	<u>Female</u>		<u>Male</u>	
	HC	Percent	HC	Percent
African American	3	14%		

Woodside High	1	2%
Woodside Priory	1	1%
Total	48	100%

Table 5 reports the majors declared by these EOPS student who graduated high school in 2012. The most popular majors represented are Business Administration and Psychology (each at 10%). Other popular majors include Biology (8%), Political Science (8%), Engineering (6%) and Paramedic (6%).

Table 5. EOPS Students who are 2012 High School Graduates by Major.

Major	HC	Percent
Athletic Injury Care	2	4%
Biology	4	8%
Business Administration	5	10%
CSU General Education-Breadth	1	2%
Child Development Teacher	2	4%
Dental Assisting-CEA	1	2%
Economics	2	4%
Engineering	3	6%
English	1	2%
Enterprise Networking	1	2%
Environmental Horticulture	2	4%
General Studies: Science	2	4%
History	1	2%
Law & Society (Pre-Law)	1	2%
Paramedic	3	6%
Pharmacy Technician	1	2%
Physical Education	2	4%
Political Science	4	8%
Psychology	5	10%
Radiologic Technology	1	2%
Respiratory Therapy	1	2%
Sociology for Transfer	2	4%
Veterinary Techn	1	2%
Total	48	100%

Methodology

MIS data from Fall 2012 was used to identify the EOPS students. High school graduation dates were limited to January to August 2012. Student's declared major was captured as of Fall 2012.
